Re: Water User's Claim Nos. 25-270,  
25-825, 25-824, 25-1856, 25-822,  
25-820, 25-821, 25-823, 25-816,  
25-819, 25-947, 25-948, 25-945,  
25-946, and 25-2121

Dear Mr. Broadbent

Reference is made to your letter of December 5, 1967, and to the special warranty deed submitted to this office on December 6, 1967. The warranty deed conveys a portion of the above-numbered water rights from Mark J. and Renetta H. Udy to Joseph R. Broadbent. We will attach this deed to the file. However, it is noted that these water rights are in the name of Mark J. and Ina B. Udy. Prior to the endorsement of our records, we will have to have a chain of title from Mark J. and Ina B. Udy to Mark J., Jr., and Renetta H. Udy.

In the case of Vernon D. Law wherein you report that you have not received a water assessment for 1966, we would recommend that you submit a deed covering the property you have purchased from Mr. Law. We will forward a copy of this letter to our finance department so that they may send the Vernon D. Law past assessments to you.

If there are any questions concerning this matter, it would probably be advisable that you drop in the office so that we can discuss them personally. I trust this procedure is satisfactory.

Yours truly,

Donald C. Norseth  
Hydrologic Engineer
